Mr. Keith King, President  
Veterans Support Foundation

Dear Mr. King:

On behalf of the women of The Mary E. Walker House, I would like to extend our heartfelt thanks to you and the Veterans Support Foundation for your generosity in providing the funding for our October 4th "Blue Eyed Soul" show at Coatesville VA Medical Center. You presented the women veterans of The Mary E. Walker House and, for that matter, all the veterans of the medical center, with a reprieve from the day to day work they are investing in a new life. WE filled the Great Hall auditorium.

It was a very exciting day.

Many of the veterans who attended the "Blue Eyed Soul" concert come with past life experiences and needs beyond imagination. They have lived in deep dark places in their minds and souls for a very long time. Their level of stress and anxiety is quite severe in some cases; often to the point of debilitation. These few hours were a true escape for them. You could see it in their eyes. Your contribution and support of this endeavor exemplifies the commitment of the Veterans Support Foundation in reaching out to veterans who are often forgotten in remote medical centers.

I can't say enough about the connection Michelle and Lindsey had with the audience and especially the women of the Walker House. After the concert, they traveled to the veterans' nursing home and performed for those who are unable to travel from the facility. Then they arrived at Walker House and spent personal time with the women veterans. It was a relaxed, comfortable atmosphere and they all felt very special to have these two wonderful ladies just sitting around and sharing conversation with them. The day will be one they remember for a very long time.

We are honored that the Veterans Support Foundation thought of our program as one that deserved its consideration. Your gift of the heart is one that will not be forgotten.

Again, I humbly thank you.

Sincerely,

Marsha Four  
Program Director  
Homeless Veteran Services
